Subject: GA hours for remainder of the semester

Hello,

Can you please let me know when your GA will end their work for you for the Fall? We want to make sure any hours they are submitting are permitted and that their instructors are well aware that they are still working.

Thank you!

Marie

Hi Dan,

I'm wrapping up the additional testing that Devroop and I discussed during our meeting this week — specifically, bringing in comparison tests from a few of the papers we identified. The core paper itself is essentially finished; I just have a few minor clarifying updates to add, which I can complete within a day.

The part that requires more time is finalizing the new test cases. I will have at least two of those completed this week, and I expect to have around five total finished by next week. These tests don't change the core paper we agreed on; they simply strengthen the evaluation section based on the feedback we got.

I've attached the meeting summary for reference as well.

Thanks,
Piter
